1 CEU

Join Medical Academic and Dr Annibale Cois for a CPD-accredited webinar entitled:

Epidemiology of obesity in South Africa: Where we are, where we are going and why we must take action

Based on the most recent epidemiological data, the webinar will provide an overview of the current status and trends of the obesity epidemic in South Africa, and will discuss potential effects on population health and health system burden.

DATE: 12 May 2022
TIME: 18:00 to 19:00
TOPIC: 'Epidemiology of obesity: Where we are, where we are going and why we must take action'
SPEAKER: Dr Annibale Cois
CPD POINTS: 1 General point

DR ANNIBALE COIS

Dr Annibale Cois is an Epidemiologist and a Senior Scientist at the Burden of Disease Research Unit of the SAMRC.

He has an honorary appointment as a Senior Lecturer in the Division of Epidemiology and Biostatistics at the School of Public Health & Family Medicine of the University of Cape Town.
His background includes Masters Degrees in Electrical Engineering (University of Cagliari, Italy) and Public Health (University of Cape Town), and a PhD in Public Health (University of Cape Town).

His research interests focus primarily on the epidemiology of non-communicable diseases and associated risk factors in low- and middle-income countries.
